

INFORMAZIONI GENERALI

SEDE DEL CONVEGNO

AUDITORIUM CAMERA DI COMMERCIO
Piazza Mentana 1/2 - 50122 Firenze

SEGRETERIA ORGANIZZATIVA

SGC srl- Via XX Settembre 48 - Brescia
Tel. +39 388 2417927
congress@sgc.it - www.sgc.it

PROVIDER

Gamma Congressi srl - Provider ECM ID1643
Via Achille Loria 8 - Roma - www.gammacongressi.it

CREDITI FORMATIVI ECM

Il Convegno è in fase di accreditamento in modalità Residenziale per le seguenti professioni:

- MEDICO CHIRURGO: CARDIOLOGIA; MEDICINA INTERNA; MALATTIE INFETTIVE
- INFERMIERE
- TECNICO DELLA FISIOPATOLOGIA CARDIOCIRCOLATORIA E PERFUSIONE CARDIOVASCOLARE.

REGISTRAZIONE

L'iscrizione al convegno è gratuita ma obbligatoria. Il convegno è a numero chiuso e riservato ai primi 150 iscritti. La scheda di iscrizione dovrà essere compilata online sul sito web del convegno: <https://ciedinfections.sgcmmedical.it>

LINGUA UFFICIALE

La lingua ufficiale del convegno è inglese.

2nd EDITION

360° CIED INFECTIONS

May 9th 2025

Firenze

Scientific Board

Marzia Giaccardi - Benito Baldauf

PRELIMINARY PROGRAM

2nd EDITION
**360° CIED
INFECTIONS**

2nd EDITION
**360° CIED
INFECTIONS**

Friday 9th of May

08:30 Registration
09:00-09:15 Opening ceremony:
Marzia Giaccardi (Firenze ITA), Benito Baldauf (Munich/Bremerhaven GER)
Welcoming the participants.

Session One. The origin and dimension of the problem

Moderators: *Maria Grazia Bongiorno (Pisa ITA), Antonio Curnis (Brescia ITA)*

09:15-09:25 Introduction to the problem of CIED infection: *Paul Foley (Swindon UK)*
Current data on pacemaker procedure rates and CIED- related infection rates in Europe and the world.
09:25-09:35 Risk factors for CIED infection and their impact on mortality with and without CIED infection: *Benito Baldauf (Munich/Bremerhaven GER)*
Big data from Germany
09:35-09:45 The microbiology of CIED-associated infections: *Ojan Assadian (Vienna AUT)*
Current literature reviewed
09:45-09:55 The cost of CIED infection: *Valerio Zaca (Poggibonsi ITA)*
Data from Tuscany
09:55-10:20 Discussion
10:20-10:40 Break

Session Two. How to meet the problem

Moderators: *Hendrik Bonnemeier (Kiel/Rostock GER), Stefano DeVivo (Napoli ITA)*

10:40-10:50 Identification of the CIED infection: *Kerstin Bode (Leipzig GER)*
Guidelines vs. real world – new approaches: genetic sequencing
10:50-11:00 Best pharmacological practice: *Carlo Tascini (Udine ITA)*
Pharmacological therapy in case of verified CIED infection
11:00-11:10 Guideline therapy – extraction according to the “Pisa approach”: *Giulio Zucchelli (Pisa ITA)*
Mechanical extraction techniques in challenging cases
11:10-11:20 Guideline therapy – extraction – which technique to employ: *Archie Rao (Liverpool UK)*
Heart Team Approach – mechanical vs laser
11:20-11:30 The heart team unveiled: *Alexander Steger (Munich GER)*
Extraction without cardio-thoracic back-up
11:30-11:40 Is revision in CIED infection an option: *Ernesto Casorelli (Montepulciano ITA)*
Continuous, in situ-targeted, ultrahigh concentration of antibiotics (CITA) vs debride and irrigate vs. chronic antibiotic suppression
11:40-12:10 Discussion

Session Three. The unmet problem

Moderators: *Igor Diemberger (Bologna ITA), Francesco Solimene (Mercogliano ITA)*

12:10-12:30 LECTURE *Angelo Pan (Cremona ITA)*
The hidden epidemic: a potential shift in the leading cause of death – antibiotic resistance?

12:30-12:40 Superbugs: *Emanuele Durante Mangoni (Napoli ITA)*
Best available preprocedural antibiotic therapy - data on peri - and postprocedural antibiotic administration – general decontamination
12:40-13:00 Discussion
13:00-14:00 Lunch Break

Session Four. How to prevent the problem: Part 1

Moderators: *Antonio Rapaciuolo (Napoli ITA), Paul Foley (Swindon UK)*

14:00-14:10 Setting: *Hendrik Bonnemeier (Kiel/Rostock GER)*
Procedure packs, choice of skin antiseptics, drapes, incision foils, operational theatre, music and laminar airflow – proper sterile technique – procedure time – best available practice for CIED placement
14:10-14:20 Fascial plane blocks - Planeful or Painful? *Andrea Droghetti (Mantova ITA)*
Fascial plane blocks to prevent infection?
14:20-14:30 Suture: *Sebastian Spencker (Berlin GER)*
Suture materials - best available practice
14:30-14:40 Leadless pacemaker: *Marzia Giaccardi (Firenze ITA)*
When to think leadless?
14:40-15:00 Discussion

How to prevent the problem: Part 2

Moderators: *Gerhard Hindricks (Berlin GER), Kerstin Bode (Leipzig GER)*

15:00-15:10 Leave unnecessary leads out: *Mauro Biffi (Bologna ITA)*
Dx technology and physiologic pacing
15:10-15:20 Subcutaneous ICD: *Andrea Droghetti (Mantova ITA)*
Shift and Cover – best available practice
15:20-15:30 Antimicrobial Surgical site irrigation: *Roberto Cemin (Bolzano ITA)*
surgical site irrigation – contemporary data on antimicrobial irrigation adjuncts
15:30-15:40 Antibiotic envelope: *Federico Migliore (Padova ITA)*
When to use the antibiotic envelope?
15:40-16:00 Discussion

Round table: certainties and the unknown regarding CIED infection

Moderators: *Benito Baldauf (Munich/Bremerhaven GER), Giuseppe Boriani (Modena ITA), Roberto Cemin (Bolzano ITA)*

TRICE-HF - Study: *Antonio Rapaciuolo (Napoli ITA)*
PROFID - Study: *Nikolaos Dages (Berlin GER), Gerhard Hindricks (Berlin GER)*
COGNITO - Study: *Archie Rao (Liverpool UK)*
REINFORCE - Study: *Mauro Biffi (Bologna ITA)*

16:30-16:50 Closing ceremony: *Marzia Giaccardi (Firenze ITA), Benito Baldauf (Munich/Bremerhaven GER)*
